Friday 3rd July (No.37)

A message from Miss Fisher

Last week seems like a distant memory already with so many wonderful things going on in school. I have enjoyed popping into classes to see how their history learning is going. I know the next few weeks will be jam packed with excitement as we move closer to our first ever living history day. I am really looking forward to the Tudor banquet in Ash class (I do hope I am invited!).

However, this Newsletter is dedicated to our wonderful year sixes who excelled at Braeside last week. Braeside really tests your resilience, strength and determination at the best of times, but these children were there during a heatwave which added another element of challenge to the trip. With careful timetable adjustments, plenty of hydration breaks and water pistols, the children really enjoyed every aspect of their residential. Mr Marshall ran his annual flight school one evening with Teddy Noad becoming our new champion pilot!

It has been wonderful having them all back into school this week, I know the younger children have missed them.

Safeguarding

Keeping safe when out and about

Being safe on the roads is so important and is a skill that can easily be forgotten as children begin to be more independent and walk to school by themselves and are out spending time with their friends at the weekend or during school holidays.

In school, we regularly have discussions around how children can keep themselves safe.

Key things they know they need to remember are:

- Always use the safest route to walk to school avoiding isolated places and dangerous roads to cross

- Make sure your parents know where you are going, who you are going with and when you will be back. If your plans change be sure to tell your parents.

Please spend five minutes talking through these key points and road safety rules at home, including talking about using crossings where you can, not stepping out from between parked cars, being focused (not on phones/listening to music) whilst crossing roads and of course always dismounting your bike or scooter.
