Thursday 15th July (No.39)

A message from Miss Fisher

Being inspired matters. I often talk to the children about inspiration and people along my journey who have inspired me to achieve greater things. The teacher, who encouraged me to find my voice at 12 and speak up in front of the class and the tutor who noticed my enthusiasm when working with children.

Mrs Bieda organised a very important athlete to visit us this week to inspire the children in their love of sport. Michael Fagbenle, who is a Team GB athlete from London, specialises in athletics and is an exceptional sprinter. Michael's love of sport began with an interest in football but at just 14, he was inspired by the Olympic gold medallist Michael Johnson to take up athletics. Michael has since become a world champion and also represented Great Britain in the under 20s 4X400metre sprints. Michael is passionate about education and has even achieved a sports science degree at Brunel University.

Michael began the day by talking to the children about himself and where he came from. From the outset, the children were in awe and captivated by every word. I had the pleasure of seeing many classes take part in his challenges and team spirit was running high! Thankyou Michael for inspiring our young learners and hopefully we will see some more team GB Newtown athletes in the future.

'Dear Newtown Primary School,

I have really enjoyed my day, and I hope I have inspired some of the children to believe in their dreams, not just in sports, but also in life. The children were very welcoming and polite. The day was perfect and I would happily come back. I wish all the staff all the best of luck, they were helpful and insightful.

Best wishes Michael Fagbenle'

Safeguarding

Keep your medical records up to date!

Please always remember to inform the school of any new or changed medical information that we need to know. This might be your child has developed a new food intolerance or allergy. If they have developed a new allergy, it is important that we see your child's Allergy Action plan issued by your child's doctor, so we can work together with you to ensure we are aware of how to fully support you and your child.

Is your child asthmatic?

If your child suffers from asthma, you should have completed an asthma plan leaflet on joining school and returned this to us. Please always make sure we have an in-date inhaler and spacer for your child in school if it is needed. Asthma is classed as a serious illness and you **MUST** see a doctor or asthma nurse once a year to review your child's asthma needs. After their review, please can you share your child's new asthma plan with school so we

Attendance

129 children had 100% attendance in the last week.
You are awesome!
Maple class were the best at being in & on time every day last week.
Well done Maple class!

11 Penalty Notice Applications have been made so far for this academic year.

Absence line 01225 752678 option 1

Congratulations to Beech class who are top of the leader board this week!

Please encourage your child to log on and play.
